Customer Feedback: Mrs P. from Anglesea

“Last year I did all my Christmas shopping for the whole family at McGain’s. It was an absolute pleasure instead of getting stressed running around the city.”

Easy not 'Fawltly':

Basil

- Basil helps digestion
- Basil repels flies and mosquitoes. A vase or a pot of Basil will act as an insect repellent
- Basil leaves have a spicy, clove-like flavor which complements eggs, cheese, fish, poultry, salad, meat and pasta dishes
- See our website for a pesto recipe

The centre piece:

Christmas Trees

- Potted Spruce and Conifers
- 'Twig' trees from local artists
- Shaped freshly cut Xmas trees

Our Christmas message:

If you believe in a god, see nature and plants as his or her handiwork and look after it. If you don't believe in a god, see nature as part of an evolutionary process and play your part. Regardless of what you believe, take time to reconnect with your values and act locally.

Merry Christmas

From Peter, Pamela, Janni, Karen, Angela, Bill, Fern, Ros, Lyn, Carol, Leah, Helen, Christine, James, Michaela, Imogen, Georgia and Michael
